our perspective on Cambodia.

WE BEGIN WITH YOU.

What you love. What sparks your curiosity. The pace that makes you feel good. We shape your journey around these wishes, leaving room for discoveries and for pauses.

Tell us about your dates, your travel companions and your budget. We can shape the rest together.

Ten days. Three different worlds.

A starting point to adapt to your season, your pace and your wishes.

DAYS 01—04

Siem Reap & Angkor

Temples, countryside and good food. Several nights in one base to find your feet.

DAYS 05—06

Phnom Penh

The energy of the capital, its history and creative scene. Travel time is part of the programme.

DAYS 07—10

Kampot & Kep

River life, pepper plantations and the coast. A southern pause before heading home.

Suggested route, excluding international flights. Transfers, timing and services are defined in your proposal.

Angkor, at your own pace.

01 / MORNING

Leave your accommodation, visit Angkor Wat, then return to Siem Reap. Arrange a return journey with your chosen driver; travel time depends on your starting point.

02 / A BREAK IN TOWN

Footprint Café / Street 26, Siem Reap

An option for coffee and reading, chosen in this example for its book-café concept and social enterprise model. Check visiting details with the café.

TIP & ALTERNATIVE

Save Bayon and Ta Prohm for another day. For a quieter afternoon, take a break at your accommodation rather than adding another visit.

Sample route, to be adapted. No services are booked.

What if we stayed a little longer?

LONG SET / KOH RONG

A few nights on an island, a book, a swim. This chapter can extend the route if your dates and the season allow.

Together, we allow time for transfers and a comfortable margin before your flight home. The property shown is an inspiration; availability and price remain to be confirmed.
